A new design by Architect Truong Quang Vinh features a compact shape, natural red meranti wood, a rope cord, and two wooden spheres inspired by realism and honor the virtues of man.

The bar chair with two swinging spheres creates a joyful atmosphere and may be the reason for starting funny and happy conversations when relaxing with loved ones at the bar counter.

Maintenance

For wood part:
Use a soft damp cloth to gently wipe clean, do not use strong detergents for wooden surfaces. Avoid placing objects with large heat sources directly on the surface.

For the fabric:
Clean with mild soap using sponge or cloth. Be gentle while cleaning, do not scrub aggressively the fabric. Once cleaned please make sure you remove soap excess.
In case of aggressive stains clean with diluted household bleach.
Clean stains promptly. The longer it remains, more difficult will be to remove.
Once cleaned the fabric steam iron the fabric. Just use steam, be carefull NOT placeing the iron directly in the fabric it will get damage.
