BAU BED

DESIGNED BY
TRƯƠNG QUANG VINH ARCHITECT

Distinctive elegance.

Designed by architect Truong Quang Vinh, carrying the DNA of ONONDETAILS, aiming for friendliness, warmth, and closeness with high-quality natural materials. Natural wood, Italian cowhide, precision-machined metal along with the finishing details of master craftsmen in a structure inspired by tradition.

At first glance, the bed makes a difference. Supporting the overall structure with 4 metal legs, it seems to float above the ground. The wide headboard with wooden slats, with large pillows made of Italian cowhide, not only brings softness but also is an emotional highlight for moments of relaxation, reading or resting...
